## Introduction

The 2010 New Jersey Dental Clinic Directory is a reference tool that provides a central source of information on public dental clinic services in New Jersey. These clinic services are primarily provided by local health departments, hospitals and Federally Qualified Health Centers (FQHCs). The information contained in the document is from organizations that responded to a "Dental Health Services Survey" and is subject to change.

The dental clinic directory may be used to assist people who have difficulty accessing appropriate dental care due to insurance or financial constraints. **Many of the clinics have financial and/or residency requirements. Patients should be advised to call for an appointment and ask about required documentation regarding income or residency.**

Additional resources include the New Jersey Foundation of Dentistry for Persons with Disabilities' Donated Dental Services program, which offers treatment for senior citizens and persons with developmental and permanent disabilities. Contact the Donated Dental Services program at 732-296-6717 or 800-829-4619 for southern and central New Jersey, and 732-296-6718 or 877-720-5557 for northern New Jersey for further information. In addition, the Regional Oral Health Programs listed below may be contacted for assistance.

New Jersey Department of Health & Senior Services  
PO Box 364  
Trenton, New Jersey 08625-0364
