American Diabetes Association® Alert Day®

<p>HRSA Health Center Program Diabetes Quality Improvement Initiative To improve diabetes outcomes and lower health care costs, HRSA has launched a Health Center Program Diabetes Quality Improvement (QI) Initiative. The Initiative leverages the resources of multiple HRSA partners, which includes, health centers, health center controlled networks, Primary Care Associations (PCAs), technical assistance and training partners, and others. By working in a coordinated fashion, utilizing principles of QI and data driven decision making, and sharing promising practices and lessons learned, HRSA is building a continuous, learning health system that will reap improvement in diabetes control for health center patients. https://bphc.hrsa.gov/qualityimprovement/clinicalquality/diabetes.html</p> <p>HRSA Health Center Promising Practices-Diabetes https://bphc.hrsa.gov/qualityimprovement/promising-practices/index.html</p>	-
<p>NJ Department of Health Diabetes Prevention and Control Program To improve prevention and control of diabetes in New Jersey, The New Jersey Diabetes Prevention and Control Program facilitates grant funding for Federally Qualified Health Centers (FQHCs) and other eligible health care organizations that successfully apply to become Diabetes Resource Coordination Centers (DRCCs). https://www.nj.gov/health/fhs/chronic/diabetes/</p>	-
<p>American Diabetes Association The American Diabetes Association is a United States-based nonprofit that seeks to educate the public about diabetes and to help those affected by it by funding research to manage, cure and prevent diabetes. http://www.diabetes.org/</p>	1-800-DIABETES (1-800-342-2382)
<p>U.S. Department of Health and Human Services National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) National Diabetes Education Program-Clinical Tools, Patient Education, & Outreach NIDDK conducts and supports research on many of the most common, costly, and chronic conditions to improve health. https://www.niddk.nih.gov/health-information/professionals/clinical-tools-patient-education-outreach?cs=ndep</p> <p>NIDDK Diabetes Health Information</p>	301-496-3583

<p>Centers for Disease Control and Prevention (CDC) Diabetes Fact Sheets</p> <p>CDC's Division of Diabetes Translation believes in the power of science to turn the tide in the diabetes epidemic. The CDC is dedicated to putting that science into action through programs and policies that help people prevent type 2 diabetes and improve the health of everyone living with diabetes. They continue to make important strides with the understanding that much more needs to be done.</p> <p>https://www.cdc.gov/diabetes/library/factsheets.html</p>	<p>1-800- CDC-INFO (1-800- 232- 4636)</p>
<p>Health Center Resource Clearing House- Diabetes Resources</p> <p>HRSA's Bureau of Primary Health Care (BPHC) has charged the National Association of Community Health Centers (NACHC) with establishing a National Resource Center (NRC) and creating an online resource repository to meet the information needs of professionals for the purpose of building stronger and healthier communities. The Health Center Resource Clearinghouse addresses the demands placed on a busy public health workforce by providing resources and tools to acquire and use targeted information on a daily basis.</p> <p>https://www.healthcenterinfo.org/results/?Combined&ResourceTopic=Diabetes</p>	<p>-</p>
