2026

SPONSORSHIP AND EXHIBITOR OPPORTUNITIES

Dear Community Health Center Partner:

As we embrace a new year, the New Jersey Primary Care Association is eager to collaborate with you to make 2026 one of the most memorable years to date.

New Jersey's Community Health Centers provide high-quality, cost-effective, and efficient primary healthcare to over 645,000 New Jerseyans — and the number of patients we serve keeps growing. As you know, our Association supports 23 NJ FQHCs and one FQHC Look-Alike operating 130 sites across the State. FQHCs offer primary and preventative care, behavioral health, substance use disorder treatment, women's health, and dental care, regardless of the patient's ability to pay.

With partners like you, NJPCA can advocate for New Jersey's Health Centers and provide their dedicated employees with comprehensive training and technical assistance. We look forward to your engagement in this year's annual conference, trainings, and other events; these are opportunities to get to know our members and learn how you can support mutual goals.

Let's work together to increase your brand's visibility and make 2026 a success!

Sincerely,

The New Jersey Primary Care Association

NJPCA thanks you for joining us to provide affordable, high-quality care for all.
